### FAYAT Group signs an agreement for the acquisition of LeeBoy

FAYAT Group announces the signing of an agreement with ST Engineering for the acquisition of LeeBoy, a U.S.-based company specializing in the design and manufacturing of road construction equipment. LeeBoy offers a wide range of products, including pavers, compact motor graders, and road maintenance equipment.

The completion of the transaction remains subject to certain conditions, including customary regulatory approvals in the United States. FAYAT Group expects to obtain these approvals and finalize the acquisition of LeeBoy during the fourth quarter of 2025.

#### **About FAYAT:**

The FAYAT Group operates in 170 countries thanks to the dedication of more than 23,000 employees, supporting its clients all over the world with innovative and sustainable solutions for the construction market and in the seven major business lines around which it is structured: Civil Works, Foundations, Building, Energy & Services, Metal, Pressure Vessels and Road Equipment. In 2024, the Group achieved a turnover of 5.7 billion euros.
